9\textsuperscript{th} International Symposium of Jagiellonian Medical Research Centre
3\textsuperscript{rd} Meeting of International Jagiellonian Club
‘PHARMACOLOGY OF VASCULAR WALL’

Book of Abstracts

Guest Editor: Professor Ryszard J. Gryglewski MD PhD

Cracow, Poland, May 23–25, 2001
Book of Abstracts – 23rd May

A.01 Prostanoids and the vascular wall
Vane JR

A.02 NO, nitrotyrosine, and cyclic GMP in signal transduction
Hannay KA, Krumenacker JS, Murad F

A.03 Low dietary salt regulates renal microvascular 20-hydroxyeicosatetraenoic acid levels
Carroll MA, McGiff JC

A.04 Mast cells in acute coronary syndromes: defensors or aggressors
Filipek KJ

Book of Abstracts – 24th May

A.05 Correction of endothelial dysfunction by cardiovascular drugs
Gryglewski RJ

A.06 Antithrombotic actions of statins

A.07 Statin-stimulated nitric oxide production in the vasculature
Malinski T

A.08 Estrogen and atherosclerosis: from the laboratory to the clinic
Nathan L, Mukherjee T, Schenbert H, Chaudhuri G

A.09 Endothelial dysfunction in atherosclerosis – methodology and clinical evidence
Sinzinger H, Kritz H

A.10 Bonum vinum laetificat cor hominis
Stoiclet J-C

A.11 Arachidonic acid metabolites as endothelium-derived hyperpolarizing factors
Campbell WS

A.12 Epoxyeicosatetraenoic acids (EETs): candidate endothelial-derived hyperpolarizing factors (EDHF)
Quilley J

A.13 Clinically important factors influencing endothelial function
Vapaatalo H

Book of Abstracts – 25th May

A.14 Human reconstituted high-density lipoprotein abolishes the organ injury and dysfunction in haemorrhagic shock
Thiemermann Ch, McDonald M, Mota-Filipe H, Cockerill G

A.15 Protective role of nitric oxide in endotoxaemic lung
Chlopicki S, Bartus JB, Walski M, Wolkow P, Gryglewski RJ

A.16 Erythrocyte – endothelial cells interactions: role of NO and PGI2
Sprague RS

A.17 Matrix metalloproteinases in vascular physiology, pathology and pharmacology: interactions with nitric oxide

A.18 Diabetes-induced endothelial dysfunction: a rationale for antioxidant intervention
Peiper GM

A.19 Endothelial cell dysfunction in a model of oxidative stress
Caldwell RW, Caldwell RB (USA)

A.20 Pleiotrophic action of anti-inflammatory drugs and atherosclerosis
Naruszewicz M

A.21 Failure of renal adaptive mechanisms in aged humans
Masotti G, Cristofari C, Di Serio C, Tomini M, Lembali L, Ungar A
